ARUN SUBRAMANYAN

PRODUCT DESIGNER

+91 8075518911 | arun04subramanyan@gmail.com | arunsubramanyan.com

PROFESSIONAL SUMMARY

Experienced UI/UX professional with **7+ years** of expertise in translating complex ideas into user-friendly designs. Demonstrated good decision-making power in product strategy and design direction. Known for faster output delivery through AI-enhanced workflows and development knowledge that bridges design and engineering teams. Committed to creating designs that resonate with users and elevate brands through usability analysis, visual aesthetics, and data-driven insights.

PROFESSIONAL EXPERIENCE

Senior UX Designer — Lighthouse Asia Pacific Private Limited

Apr 2025 – Present Bangalore, Karnataka

- Unified complex eDiscovery tools into one **AI-driven product**, demonstrating strong decision-making power in consolidating multiple workflows into cohesive user experience
- Leading the design of all product workflows, with a fundamental understanding of HTML, CSS, React, and GitHub to bridge design and development.
- Improved end-to-end review efficiency and accuracy by **35% through AI insights** and iterative user testing, delivering faster output through data-driven design decisions
- Applied AI insights and predictive analytics to reduce risk and effort in document review processes, integrating machine learning recommendations into UI workflows
- Led UX discussions in **cross-functional meetings** with engineering, product, and legal stakeholders, influencing key product decisions through strategic design thinking
- Drove standards-based UX alignment across modules in partnership with engineering and product leaders, establishing design system foundations for **faster development cycles**

UI/UX Designer — **Aeth Analytica Pvt. Ltd**

Oct 2023 – Nov 2024 Calicut, Kerala

- Led end-to-end UI design for BillMyKart e-commerce platform, empowering users to build mobile and web applications with ease through intuitive design systems
- Platform now supports 100+ active stores through scalable design architecture and component-based development approach, showcasing development knowledge in creating reusable design patterns
- Delivered high-quality, user-focused designs for fintech, banking, and cross-industry digital products with faster output cycles through AI-assisted design workflows

Junior UX Designer — **StudySoup Inc**

Aug 2019 – Jul 2023 US based (Remote)

- Designed user interfaces for StudySoup LMS platform, leveraging development knowledge to create technically feasible and developer-friendly design specifications
- Integrated user feedback through systematic research and testing, demonstrating data-driven decision-making power in product improvements
- Conducted comprehensive user research and usability testing, translating insights into actionable design improvements with faster iteration cycles
- Provided UX expertise and supported design system implementation, establishing foundational patterns for scalable product development
- Contributed to operational process improvements that reduced payroll processing errors by 15% within the first year.

CORE SKILLS

- Figma (UI design Iterations)
- Figma Make (UI design & prototyping)
- V0.dev — AI-powered UI generation & frontend scaffolding
- Figjam (Research and ideation)
- Claude (AI ideation, research, design guidance)
- Basic Development Knowledge
- Understanding of frontend workflows and developer handoff
- Responsive layouts & component-based UI
- HTML, CSS, JavaScript fundamentals

METHODOLOGIES

Implemented an AI-driven UX workflow (research → AI ideation → prompt-driven design → prototype → test), achieving ~60% faster product delivery.

EDUCATION

Bachelor in Electronics & Communication Engineering — **6.2 CGPA**
NIET

Higher Secondary — **76%**
GHSS Vazhakkad

High School (SCERT) — **80%**

CERTIFICATIONS & TRAINING

IxDf Certification : AI for Designers; Prompt Engineering & Workflow Automation
Personas and User Research: Design Products and Services People Need and Want
Advanced Figma & Design Systems
