Objective

Frontend Web Developer with 2.5 years of experience building scalable, high-performance web applications using Angular, Next.js, and React. Skilled in e-commerce platforms, responsive UI design, performance optimization, and SEO. Dedicated to writing clean, efficient code and crafting user-friendly, engaging interfaces. Currently expanding expertise in React Native to deliver seamless cross-platform experiences.

EXPERIENCE

Aeth Analytica

Junior Frontend Developer

April 2024 - Sep 2025 , UL Cyber park,Calicut

- Participated in the design and development of billmykart, a fast, scalable e-commerce platform and admin panel.
- Built custom admin modules to streamline management workflows and simplify user interactions.
- Implemented advanced performance optimizations using Next.js, reducing load times and enhancing page speed.
- Delivered mobile-first, responsive interfaces to improve accessibility and user experience across devices.

Objective Tech

Fullstack developer

Jan 2024 - April 2024 , Nilambur

- Participated in the development of an ERP Admin Panel for EminenceTel (UK) while working at Objective Tech, contributing to UI/UX design and dashboard functionalities.
- Built a full-stack Angular application for an educational institute, managing both front-end and back-end development tasks.

Luminar Technolab

MEARN Stack Intern

Oct 2022 - Apr 2023, Kochi

- Gained practical experience in frontend development using AngularJS and React.js by working on real-world projects.
- Built sample applications and implemented features that enhanced understanding of data flow, state management, and user interaction.
